## CYCLE #100

**Commissioner Jaxx:** Good evening managers of the National Patriots League. This is our 99<sup>th</sup> cycle. Next cycle we will be celebrating our 100<sup>th</sup> Cycle! I had a career in IWA. Became an IWA Hall of Famer! In my career I earned lots of money. Invested. And then ran a profitable security firm called Rags2Riches Inc. Four, almost Five years ago your commissioner bought the NPL. From the mess of what it was to the heights it is now. The NPL has seen incredible matches, historic promos, and unbelievable moments. Today, the NPL is better than it has ever been because of YOU! The NPL Managers!

**Commissioner Jaxx:** During cycle #100 I will be hosting a Battle Royal. The winner will earn \$100,000 cash! That's right! The winner will get a great bonus from MY personal bank account. All you have to do is enter the Battle Royal. The winner will also receive a title match whenever they want! During a PPV, during the cycle, etc. All you have to do is email me WHEN you want that match. I will pay for that match as well. So, champions...you better be ready for the unexpected!

**Commissioner Jaxx:** Truly...THANK YOU managers of the NPL. It's my greatest joy to be your commissioner. Hold these awesome PPV's and put your wrestlers into stories you will enjoy. I may have made a few mistakes along the way. Just know that this League succeeds because of all of you! My wrestlers are just tools for the story. I want your wrestlers to be on top no matter what. So please continue to send in your trash talk. Send me emails on details of your wrestlers. AND I really enjoy pictures of your wrestlers too. I use ANYTHING you all send me to help tell the stories you all want me to tell. Wrestlers like, Ulysses Deadeye, Huxley Anderson, Dane "The Dragon" Kealoha, "The Arch Villian" Marcus Scurll, The Patriot: Ric Splatterhouse, The Dantes, The Macks, Killswitch Bros, T-Money, "Texas Outlaw" Duke Ken Jr, Man Mountain Meat, and so many more throughout the years.

**Commissioner Jaxx:** In closing, I really enjoy the wrestling business. Since I was a little kid all I wanted to do was be a wrestler, make money, and live life to the fullest. From the bottom of my heart. THANK YOU, Managers of the NPL. **Enter the Battle Royal next cycle!**
