## COMRADE NADYA

*[CAMERA OPENS on a cold, empty training hall—steel walls, no decoration. **Comrade Nadya** stands front and center in her white and black ring gear, TV Championship slung over one shoulder like a weapon. **Swinezilla** and **Lady Swine** flank her, silent and looming. A low Soviet military drumbeat underscores her words.]*

**Comrade Nadya:** The Television Six Woman Championships were not a goal. They were a message. A warning. Proof that when discipline and destruction are aligned... nothing survives the march. **Swinezilla. Lady Swine.** They are not tag team partners. They are siege weapons. And I—I am the strategist behind the breach. Now we look to the next conquest: **Ghidorah Gold. Cheri Summers. Valerie Phoenix. Becky Hall.** I have read your propaganda. Your smiles. Your sparkle. Your declarations of unity and triumph.

But hear me now: The Red Vanguard does not recognize your reign. We see only weakness wrapped in gold. Three women clinging to titles... while we build an empire of broken bones and broadcast signals. You will not dance through this defense. You will not pose for these cameras. You will not survive as champions. We are coming for the **Ghidorah Six Woman Championship**—and when we arrive, there will be no battle. Only occupation.

*[**Nadya** raises one gloved fist. **Swinezilla** snarls. **Lady Swine** cracks her knuckles. The camera fades to black as the drums pound louder.]*

[Scene: A dimly lit arena. The fog is thick, creeping across the ground like the fingers of the dead. Cold blue lighting pulses as an eerie orchestral melody drifts through the air, like a funeral dirge twisted with dissonant violins. The crowd is hushed in stunned awe. The broken, twitching body of Zom-Bea lies motionless at center ring—her mask cracked, her arms sprawled. Standing tall above her are Lady Death and a new towering figure: Mistress Death. Clad in black and violet robes, with a silver skull-mask and haunting purple eyes, Mistress Death radiates dark regality.]

Lady Death (slow, commanding voice, microphone in hand):

"Do you feel it, children of the void? That shiver crawling up your spine? That isn't fear... it's awareness. Awareness that the age of defiance has ended. That your heroes... fall like ash beneath our boots."

[She looks down at Zom-Bea's fallen form and then back up.]

"Zom-Bea... thought herself eternal. But decay was never power. It was weakness disguised as persistence. And tonight, that illusion died at our feet."

[Mistress Death lifts her head slowly, her arms crossed, her silent presence radiating dread. Lady Death turns slightly to her side, gesturing with her free hand.]

"Allow me to introduce you to the first movement in our grand opus... the one whose kiss silences time, whose eyes have seen the ends of empires..."

"This... is Mistress Death."

[A soft bell tolls behind them. The crowd stirs uneasily.]

Lady Death:

"And together, we are the harbingers. The echoes of finality. The composers of collapse."

"This is not just an alliance... it is a reckoning. A symphony written in broken bodies and drowned screams. We are..."

[She raises her voice, cold and booming, as the fog thickens and the orchestral theme swells.]

"The Symphony of Malice."

[Lady Death crouches down, gently brushing Zom-Bea's cracked mask with two fingers.]

"Zom-Bea was just the overture. The rest of you? You're next... and every performance..."

[Mistress Death leans forward, speaking for the first time—her voice a whisper like wind through a tomb:]

"...ends in silence."

[Suddenly, the lights cut out. A final distorted bell tolls. The screen goes black.]

**Masked Fangirl:** (Realizing that she would never vote for herself, but that now she has to, seemingly place one of the other women above the rest) "Um, uh, er...! (Looks left, looks right, looks left again) **FIVE WAY TIE!!!!**" (She runs out of the room.)

**Queen Angela:** "So... Wanna order room service?"

# DELILAH DEATH

## Representing The Gun Collection

Lately, I've been calling out Heartbreak Heather Hall for what she is. A coward. A runner.

But this tour, I have an opportunity that I can't pass up.

A Doom championship match with Olivia Oblivion. These types of matches don't come around too often, so whatever Heather

Hall and I got to wait.

Olivia Oblivion has been champion since December 2023, and this very well could be my one and only chance to dethrone her. I'm gonna take it.

# OLIVIA OBLIVION

Representing The Gun Collection

I won the Doom championship in December 2024. I've had challengers come and go, and none had the ability to take the gold from me. I was better than them all...and this cycle...

Delilah Death...

You've come so far. My mentorship has proven the best for you, and yet, why am I not surprised that you're gunning for my championship. It only makes sense. You want to be the best and you look at me as a target that is only in your way.

I find comfort in that.

# SCORCHED EARTH SOCIETY

JUNKYARD JENNY, BAILEY BUCKSHOT, & ERIN DARKSTROM

Junkyard Jenny

Bailey Buckshot

Erin Darkstrom

**Junkyard Jenny:** Each cycle we show exactly how dominate we are.

**Bailey Buckshot:** And every time people are surprised.

**Erin Darkstrom:** And yet, we do it again...and again...and again...

# GEMMA GUNSMOKE

## REPRESENTING THE GUN COLLECTION

I have been quiet.

Too quiet...for too long...

Once upon a time I was riding high here in the BBW. Winning matches, winning championships. And lately, I have been a shell of my former self.

It is about damn time I have some fun again.

So here's what I'm laying out on the table. If there's someone here in BBW that wants to have a **Best of 5 Series**, sign on up. First come, first serve. I want to prove to myself that I can still bring it when the fire gets hot.

Who's it gonna be? You put up the stakes. And we'll get the show on the road!
