## State of Our Global Union (commissioner's report)

\* please note this cycles Stare of Our Global Union will be conducted by GWL Owner "The Broken Diamond" Chris Heelsborough due to him suspending Commissioner Jann Wallace

<Commissioner Jann Wallace has been suspended pending a investigation into his abuse of power. I will be taking over all day-to-day GWL operations and decision making until that investigation is complete.

<On the Heels of a great Causilties of War pay-per-view, I want to congratulate all GWL Commissioner's Champions but be on notice, I'm looking to expand this very talented roster.

<Connie James has come from the Gorgeous Amazon League to the GWL already making waves calling out "The Scottish Man" Rebecca Glencross and even her own brief partner Marsha Sabertooth who she beat my Bullet Train Express for the Workd TV Titles with. She also has her sights set on the Diamond Cuts Title once we finally get one, is she in over her head?

<Axl Hawk and Eric Fontaine continue their war of words against Midnight Meat Snack who is all but ignoring Fontaine but still has his focus on endings Midnight Rocker, Hawk and now Mike Cook. For my money is on MMS, who's massive frame would look good in a Broken Diamond Club Shirt.

<AOD may have won Stablecade 2025 but my Broken Diamond Club is the Stable to watch, I think it's about time we increase our numbers right here at home.

<Hostile Takeover, there is a new Sheriff in town and you can't keep my team out of your mouth. The Bullet Train Express, work for me, you do too but I actually brought in Biligbataar and Omega into my BDC family. They have never been jobbers who rebranded themselves after being fired. You may hold the Global Tag Gold but remember, "Either came after The Takeover".

<Will any Mike Cook respond to Cabbage Hands breaking into their offices and putting his Cabbagey hands on priceless wrestling action figures. When I heard of this news it made me Google "getting a Cabbage smell off plastic"

## Trash Talk Tips:

**Be Active:** The most important part is to be active and have your wrestler talk! That is how you can get others to understand them. It doesn't have to be fancy; whatever fits your style! Also, respond to other managers who mention you. Be patient; sometimes it takes a few cycles to get a response. Being specific helps get others attention as well.

**Make it easy to read:** Do not use overly fancy fonts or have really large blocks of text. Use **BOLD** when you mention other wrestlers to get their attention. This helps in Have a header or picture for others to easily follow along.

**Talking about others:** Always try to make your opponents look strong. Pay attention to what the other wrestlers say or do. Do they have a valet or drive a certain car? Use that in your responses. Go with the flow; sometimes someone will take your response in a different direction than you intend. Let your character develop.

Stay true to your and your opponent's characters as best as you can. **Senor Lucha, Rachel van Dorn, Future Man, Greg E. Money, & Punk Rock Mike** are all very different characters. How would they react to in your scenario?

**Reference the Bulletin:** Use events that happened in the bulletin: Did someone have an open challenge? Did a rival throw you out of the Battle Royal or vice versa? Did you win a match in your hometown? These are great starting points for your trash talk. Look at the commissioner's report too for upcoming contests and events. Get involved!

**Make it repeatable:** Set up a format that works for you and that is easy to repeat every three weeks. You might not always have creative energy or be busy in life. Having a quick format that you just fill in can make it easy if you are stuck and let you continue a storyline you have started. Also, adding in some signature lines can help.

**Reach out to others:** A good first step is reaching out to the commissioner with any ideas. Collaborating with other players adds to the enjoyment and can take a feud to the next level.

But most of all **HAVE FUN!**

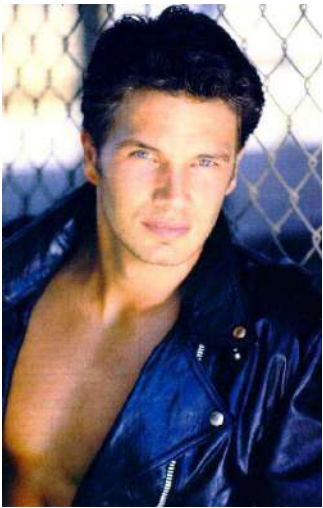

### I Want That Title

Well folks, I tried my best to win that GWL Women's title against MJG and it was a war, too. We both gave it our all but just wore ourselves out in the end. Neither one of us could put the other down for the 1-2-3 count. Now GWL, I don't care what it takes, but Tinkerbelle wants that title belt.

I may be small, but I got a big heart and desire to be the GWL Women's Champion. I have been through hell to get my shot at this title, and I will not stop until I get it too. Now MJG, we still got to finish this to see who gets the title, so I wish you the best of luck when we meet again, for you're going to need it.

Tinkerbelle plans on walking out with that GWL Diamond Cut Women's title, fans.

Midnight Meat Snack you had some very rude and insulting things to say to me, yeah in the battle royal you mentioned you threw me over the top rope and won, every dog has their day so Congratulations, but how does it feel me pinning you and taking a title from you I call that Karma, you need to stop hanging out a Burger restaurants and get into better shape, while you were eating I was in the GYM training 3 to 4 hours a day that's why I am a champion and most of all a new IWA WORLD SIX MAN CHAMPION with AXL HAWK AND PAULINA LITTLE FEATHER!

You see Meat, I give it my all in that squared circle every day and every night, I love for the wrestling business, every federation I have been in I have won Gold, don't get me wrong you are one tough individual and have my

Respect but know one thing never confuse mercy with weakness, I Respect you but I don't fear you, in this business you need eyes in the back of your head for one reason people will come after you and having a title makes it a reality I know that for a fact, but get one thing straight I do my talking in the ring, you can stand out and Talk trash about me telling lies that's fine but the truth is I am a better athlete than you, a better wrestler than you and that's a fact, I will see you in the ring Meat!

### Blackjack Takes A Belt

Well, it was one hell of a match at this PPV but I had to beat the hell out of four other guys to get this pretty little belt GOB title. Now Blackjack Ratliff is a champion in GWL for the first but I hope not the last time. Now I am really happy to be your GWL Berserker Champion and will defend it with every bone in my body. If you get in the ring with me, it will be a fight not a wrestling match. I will hurt you if you come after me and my title, so come at your own risk. Now some of these referees and GWL need to learn how to do their job for one cost my teammate Tinker Bell the Diamond Cuts Women's title but let me tell you something and that is you better be glad DOD manager, Catfish Rob was not here for that PPV or they would be taking you to the hospital with broke bones. He loves that little gal and has big plans on making a champion out of Tinker Bell. He will be here for the rematch with Tinker Bell for the GWL women's title so look out folks.

-Blackjack Ratliff

Axl Hawk is training hard at the dojo he stops and looking into camera:

I have a lot to be thankful for in the GWL becoming not only a six man champion in the GWL but becoming a IWA WORLD SIX MAN CHAMPION with My brother and best friend Eric Fontaine and with the best talented woman wrestler on the roster Paulina Little Feather, we worked hard and showed we weren't any pushovers or jokes, we had wins and losses but kept pushing forward and now we are World Champions.

I am proud of that and I also plan on still being a singles wrestler, I've been badmouthing by Midnight Meat Snack which if he wants to talk down to me and Eric that's fine actions speak louder than words Meat, I have beaten you and you have beaten me but that's life in wrestling you learn or you don't, you obviously haven't learned but you will in time, right now my future looks bright and will continue to get brighter, to the commishiners of the GWL i have proved myself and I hope in your eyes that I am worthy of more opportunities, GWL AXL HAWK HAS SPOKEN!

John Big Cat Irons: War is Hell, but somebody has to survive to tell the stories. In this case I made it thru. But yes my body hurts and I feel like trash, but I can put another belt on trophy case, but you know what comes with a major win.

Action: A new season of reactions and that means (gives a howl) a whole ne characters to make our lives miserable. No off seasons but plenty of twists and turns to add all in the grand sake of more gold.

John Big Cat: Yeah, that's what the fans want and that's what the fans get.
