ROBERT RACE

December 7, 1941 – January 1, 2020
By Juan Cena
01/01/2020

Robert Race a man who was quick to light up a smoke, even quicker to tell a dirty joke. A man from bygone era. He had hardy handshake and wouldn’t mind spanking a secretary who messed up his coffee. A man so bold that the PC Police were too afraid to cancel. His views on society were outdated, but in regards to Pro Wrestling he was light years ahead of everyone else. He promoted cards on every continent in the world. When we took over the already successful IWL he was under enormous to continue that success. He exceeded expectations. He once said “God created all men equal, just some are worth more. Robert Race was worth his weight in gold.

Commissioner Race signs autographs at the Home for Un-Wed Mothers. He would go there every Saturday night.

RACE FOUND DEAD AT HOTEL

By Akeem Bixenspan
01/01/2020

Tragedy struck the wrestling world today. World renowned promoter of over 50 years passed away last night. The event leading to his passing are interesting as the man. Around 11pm Police officers arrived at Hotel Carter in New York City to find Race naked, in the company of two prostitutes, running around the building, pulling fire alarms and laying waste to property with a baseball bat. Oh, and he was covered from head to toe in baby oil and cocaine.

Taken to a hospital, where they also found cocaine and Valium in his system, Race died 90 minutes later of a heart attack. It looks like Race’s demons finally caught up with me. He had struggling with numerous issues over the past year. None more evident then IWAR Draft where a clearly intoxicated Race, embarrass himself. Since then he has been in and out rehab before finally disappearing. Missing for months officials from IWC and IWAR had been looking for him. Rumor has it he was in company of wrestling star Neo Dragon. Dragon has no comment at this time. Regardless of the indiscretions Race will be missed by the wrestling world. He was 78 years old.
IN THE RING WITH LANCE

My emotions are mixed. We just had the greatest night in history of Pro Wrestling at our Starrcade PPV. Our Commissioner Robert Race has died. He was a complicated man, but he loved sport of Professional Wrestling. He did his best every single night to give every single fan their money worth. He will be missed.
BREAKING STARCADe NEWS

Robert Race Passes, Underwood Retains and Relinquishes Title, Special Pay-Per-View Cage Match Between Luthor Alexander and Ali Atari to Decide IWL Title; Christian Warrior Wins Rumble and Shot at Winner

Math Club Closes Book
Algebra Jones increased TI-83’s chances of beating Graham Underwood for the IWl title when Jones beat Underwood for the Dixie title. The Math Club beat the Three Birds in a three on two match. Before the Three Birds could figure out 3 minus 2, the Club had beat them all over the arena. The Math Club considers the feud closed. The Three Birds defined the Math Club’s 2019, but winning titles will define their 2020. TI-83 explained he had a 93% chance of beating Graham Underwood at Starcade. With odds like that, why even have the match? Graham’s future is over and the future is bright for the Math Club.

Revolution Skips Starcade
Johnny Revolution is not even going to Starcade. He’s going to party with Dallas Cowboy cheerleaders. Luthor will destroy Ivan. Vegas will win the Holiday Rumble. Neo Dragon will defeat the American Patriot and Jones and Che will mop the floor with Atari and the Patriot. He’s not worried about Starcade; his boys have it under control.

Ivan Vows to Dominate
Ivan Iasamov said 2020 is the year he will dominate the IWl. Everyone will perish and tremble with fear at his feet, so they might as well accept it and bow down now before his greatness. He will drag you to hell.

Underwood Champ 736 Days
Graham Underwood has been champion for 736 days. If you can’t beat ’em, let ’em get drafted away.

Luthor League Champ
Luthor Alexander won the League title, but the IWl World title is the one he has his sights set on. Rest assured, it will be his again. Ivan Iasamov’s existence is blasphemous. Ivan should never think he can hang with Luthor in the ring. Velociraptor is as ferocious as the goofy purple dinosaur on the kids tv show. His extinction awaits. If Jack Audley wants to wrestle a real man, Luthor is available. The Grand Prix title will stay with Luthor forever.

Worthy Challenges Ivan
The Christian Warrior pointed out several wrestlers who hadn’t responded to him yet. He called out Ivan Iasamov for only talking politics and spewing catchphrases. At least Ivan was silent when his brother tore his head off. Warrior lets his actions do the talking. His resume is impressive. He challenged Ivan to settle their feud in an inferno match.

Tim & Joe Set Sights on Titles
Despite finishing third in the Murano tag tournament in their first year as a team, Indian Joe and Monkey Eyed Tim weren’t given an IWl tag title shot. In 2020, they are coming for those titles. The IWl tag champs better watch out!

Vixen Red Wants IWl Title
Queen Vixen Red didn’t get a shot at the IWl title in 2019 because the men were afraid of her. In 2020, she is coming for the IWl title.

Atari Has Champagne on Ice
Ali Atari gave Dapper Dan Dee a bottle of champagne, which is Atari’s motivation to beat Luthor Alexander in a cage for the IWl title. If any of Luthor’s buddies stick their noses in the match, Atari will break them. He dedicated the match to Senor Lucha. He predicted the ball would drop on Luthor as 2019 crashed on his head.

Worthy Scouts Magnum
As Magnum TL and Jordan Drake squared off, the Gentleman’s Club came out to scout TL. Worthy took over on commentary and said TL is a deranged, mullet headed reject from an 80’s adult film set. Super Stomper will tear him apart. There is no way TL will take Stomper’s mask. When the Gentleman’s Club hit the ring, Midnight Rider appeared with a steel chair. Jordan Drake stood by TL and Rider and refused an offer to help the Club beat down TL for a spot in the Club. Worthy said the Regulators are wimps living off their reputations who are hiding from the American Savages. The fans will learn TL is a fraud.

Chameleon Channels A-Team
Che Guerrero and Soul Train Jones drew Chameleon into their battle with Ali Atari. You don’t attack a legend. He and Atari will put an end to their dream of a revolution. Che and Train better get ready for the fight of their lives. No more disguises for before Starcade, no more games. It’s time to get serious. The Chameleon busts his butt to kick theirs. In the midst of the battle, they’ll remember the only easy day was yesterday.
**Soul Train Slams Chameleon**
Soul Train Jones says the Chameleon is a guy that could never win the big one. Chameleon hates himself so much he has to pretend to be somebody else. He’s a clown cosplaying as a wrestler. It will take a nation of millions to hold him back from beating the Omega Squadron. The fans thought they owned Jones, but nobody owns him. Everyone pays a price. How much will Chameleon pay?

**Three Birds Claim Victory**
The Three Birds said the Math Club are dead to them. The Birds are still the Six-Man champs and they can’t be beat. The Regulators are going to need luck at Starcade. They are the Fabulous Three Birds and there are two things you can do about it...nothin’ and like it.

**American Patriot Ready**
The American Patriot is always ready to take on greed and corruption like Neo Dragon. At Starcade, Patriot will become a socialist when he redistributes Dragon’s gold to his own waist. Win or lose, he will leave everything in the ring. Win or lose, he will wake up the next morning and be able to look at himself in the mirror, as hard work and determination always win in the end.

**Audley Hopes for Knighthood**
Had Jack Audley known it was so easy to get Kennedy Cage to risk his career, he wouldn’t have bothered sweet talking the hag Cage brings to the ring. After Starcade, Cage will no longer be allowed to vilify the epitaph of wrestler by calling himself one. After he ends Cage’s career and wins the Holiday Rumble in one night, he might just get a knighthood.

**Guerrero Bringing Game**
At Starcade, the whole world will witness Che Guerrero and Soul Train Jones taking out Chameleon and Ali Atari. The only game Jones and Guerrero like is Russian Roulette, but instead of the Chameleon getting a bullet in his head, he’ll get a boot in his backside. When it’s all said and done, RX will reign supreme.

**Regulators Interrupt Massage**
The Regulators tracked down William Worthy to a massage parlor, where they sent a message to the American Savages. After they defend their titles at Starcade, the Regulators will turn 100% of their attention to the American Savages.

**Hellhound Courting RX?**
During the battle royal, the Motor City Hellhound came to the aid of Luthor Alexander, helping eliminate several wrestlers on the way to Luthor’s battle royal victory. As Luthor celebrated, the Hell Hound gave him a brief nod before going backstage, leaving many to question if there is a secret alliance between the two.

**Graces Aid Fan**
When the American Savages attacked another fan, Amazing Grace had seen enough. They brawled with the Savages in the ring until William Worthy slammed Justin Grace with a chair and put him through a table. The Savages, Worthy and the Super Stomper then stomped and hit Chase with a chair. Worthy said this is what the preliminary bums get. The Club doesn’t have time for nobodies like the Graces, but they will keep beating them down until they get a shot at the Regulators.

**Wrestlefest Plots Revenge**
Johnny Wrestlefest will break everybody down until he gets what is owed to him. He will earn another shot at the IWL title and when he does, all bets are off. It’s still his shot because it was taken from him. He plans to go to the ring after the Graham Underwood-TI-83 match, and he’ll collect what was his in the first place.

**TL Vows to Unmask Stomper**
Midnight Rider will have Magnum TL’s back, because someone has to watch your back when dealing with William Worthy. At Starcade, Rider will keep Worthy in line while TL takes Stomper’s mask. Rider warned Worthy to watch out for the uninvited guest.

**House of Hardcore Here**
The House of Hardcore, composed of “The Beast” Josh Gordon, “Hangman” Seth Gallows, and “Hardcore” Jim Stevens made their debut in IWL. They are the newest stable and they are here to fight and win titles. They will do whatever they want to win. If you try to stop them, they will take you out and show the world who they are.

**Backstabber Staying in IWL**
Backstabber has been on quite a role lately, going 117-20-1 to end 2019. He has decided to stay put in the IWL for a while. He was up to his old tactics, though, as he speared a snowman and then threw an ice ball through a window. He is looking to win titles in 2020.

Card Subject To Change
Lance Catamaran here with Tully Schiavonne! Welcome to AT&T Stadium. Welcome to Starrcade. Over 100 thousands fans have gathered here to see greatest wrestling event in the history of the universe. Up first Luthor Alexander will face Ivan Iasamov in a grudge. Ivan is on his way down the ring... Wait one second. Is that Ivan’s brother Victor accompanying him down to the ring. Didn’t Victor rip Ivan head off a while back. It must be water under the bridge. Coming to America begins to play! Here’s Johnny Revolution he’s joined by The Dallas Cowboys Cheerleaders. I wonder if Debbie is still on the squad. Johnny points to the sky. It’s a bird! it’s a plane! No it’s Luthor Alexander.... On a hand glider? Luthor swoops down the ring. He bum rushes Ivan, throwing lefts and rights. It has no affect on Ivan. Luthor hits The Soviet Super Kick, Ivan shrugs it off. Alexander spits on Ivan. An enraged Ivan goes for a spear. Luthor pulls the ref in the way. Ivan crushes the referee. Wait Is that the Back Stabber? He tosses a fire in Ivan’s face. In the chaos Luthor and Johnny run away. The bell rings and referee awards the match to Luthor via DQ. Victor Iasamov is not please. Victor rips The Back Stabbers head. I think we just witness a murder. Wait.. Ivan is up. He picks a container of gasoline and set The Back Stabber on fire. Both Ivan and Victor drag him to hell.
TS: This one has been a long time coming as William Worthy’s Gentleman’s Club has been trying to force Magnum out ever since they trashed his motorcycle last year. Tonight if Magnum beats Stomper, he not only gets the Stomper’s mask, but he will also get Worthy in the ring for 5 minutes! That said, Worthy, who will do everything he can to help his wrestlers win, is handcuffed to Magnum’s buddy, the Midnight Rider so doubt we’ll see any chicanery tonight.

LC: We have to hope so if we want a fair contest in this one so it’s a good thing that Rider stepped up. Ha, Worthy is already complaining the cuffs are too tight.

TS: Now he sounds like my wife, moving on the action gets going before the bell and Magnum fires off a series of punches at the much larger Stomper. If he’s gonna win this one, he has to keep the big man off balance. I just don’t know if he has the fire power to take down such a behemoth.

LC: T.L. ain’t the type to run from a fight and with the cage locked to prevent anyone from running in, at least he knows he’ll get a fair fight, finally.

TS: Stomper absorbs all that punishment and roars as he grabs Magnum by the throat and tosses him against the cage wall. Talk about power. Stomper rears back and rains clubbing blows down on the IWL heartthrob as we hear shrieks filling the air. He winds up, but Magnum ducks, kicks Stomper in the gut and goes for a DDT, but Stomper powers out and slams Magnum into the cage. Oh no, it looks bad for Magnum here, as Stomper covers for the 1... 2... NO! Magnum kicks out and the fans erupt.

A chant of “Mag-num, Mag-num” has broken out and it seems to be fueling the fan favorite as he takes shot after shot from Stomper, but wait. Magnum is getting mad, he’s shaking off the shots as he circles Stomper until he can’t take it and Magnum unloads on the Super Stomper with an all-out attack. Worthy looks worried and tries to get involved, but the much bigger Midnight Rider scolds him for trying. Worthy apologizes and then throws powder into Rider’s eyes! My goodness, he can’t see!

LC: But they’re still cuffed together and Worthy doesn’t get far as inside the ring Magnum is rocking the Stomper. Wait what’s this?

TS: Jordan Drake, a man who Worthy belittled during his match against Magnum is here and he’s not going to let Worthy get away with any hi-jinks. Rider whose vision has returned enough to see this gives Drake the thumbs up as Jordan kicks Rider in the crotch! NOO! Drake grabs the ref and steals the key and unlocks Worthy who pits on Rider. Disgusting! Jordan shakes Worthy’s hand and then grabs a chair and bashes Rider while he’s down. Sickening. Magnum is still in control in the ring and Worthy tries to grab the other ref with the key to the cage door, but he is backing away. Worthy slaps the ref and shoves him down as Magnum gets distracted by the ringside mayhem, oh Lance, you can see he wants to help his friend, but he has his own battle to worry about.

LC: Worthy grabs a fan’s chair and tosses it over the top of the cage for Stomper, but he over throws it and Magnum dropkicks the chair into Stomper’s face!
Magnum vs Stomper

TS: He's dazed, and Magnum grabs Stomper, musters up the strength and roars as he lifts up the big man and hits the Belly to Belly suplex onto the chair! Magnum covers for the 1... 2... 3! Magnum did it! The crowd is going wild as he tears away the Stomper's mask to reveal... Apollos the Destroyer Pain! That means two of the IWL's top draft picks in last year's draft are now members of the Gentleman's Club! Magnum holds the mask up to the crowd and gestures for Worthy to get in the ring! He wants his five minutes with Worthy in the ring, but hold on, the American Savages; Buddy and Hank, are climbing up the cage wall behind Magnum. Oh no it's a trap!

LC: Drake just handcuffed Rider to those 500 pound ring stairs and then waffles him with a chair that knock out the big man. Worthy finally gets the key from the ref and unlocks the cage door. Run Magnum, run!

TS: Magnus could make a break for it, but Apollos grabs his leg and now the Savages hit him with a the Double Stomp down onto the steel chair! Now Jordan yanks up Magnus and hits his iDDT onto the chair as well. Good Lord. Magnus is a bloody mess. He can't take anymore, but now the Destroyer lifts up Magnus and crushes him into the chair with the Reaper's Dream. Dammit, this has gone too far! The fans are outraged but what can they do? Worthy has the microphone, what now?

Worthy: Okay Magnum, you wanted five minutes in the ring with me, ha ha ha. Time keeper, ring the bell!

LC: Tully, this is disgusting, the members of the Gentleman's Club are holding up Magnus as Worthy slaps him and spits in his face. This is, oh no, he reaches into his coat and he has electric razor! Oh no! They're gonna have Magnus's head! Dammit, isn't there anyone who can stop this?

TS: Hold on, that music! That's, that can't be... The Regulators storm the ring and the crowd goes wild as one by one they clear the ring of the Gentleman's Club! The fans are going crazy as James Carnage, Jesse Tombstone and Jack Robertson stand tall as they come to the aid of a long-time former rival, Magnus. What a surprise as Magnus gets to his feet and gets hit with the Spear of Death from Jesse and James! NOOO! The fans can't believe it. Carnage grabs the mic.

James Carnage: Sorry Mags, old habits die hard. Worthy, you want the Regulators? You say we've ducked the American Savages? Well you called out the lightning so we're gonna bring down the thunder at Soul Survivor!
What a night we are having at Starrcade! Next up we have Pan-American champ Neo Dragon taking on the Patriot for the gold! Can Dragon back his bluster and overcome this spirited challenge in his first title defense or will the Patriot, off a string of successes, come in and take it away? The challenger is about to enter and get this bout started!

< both men enter and now square each other up as the bell rings >

Both men sizing each other up in the ring and lock-up in the middle of the ring. Standing switch and the Patriot takes Dragon’s back. Dragon breaks the grip and slides outside to regroup as the crowd roars! Dragon demanding separation as he slides inside. They face off again and Dragon shoots a single leg takedowns the Patriot down. So far, a technical exchange and Dragon alligator rolling to avoid the Patriot escaping. Patriot makes it to the ropes forcing a break. Oh my! Dragon kicks the Patriot in the ribs on the exchange! The ref warns Dragon and the fans are livid. Patriot pops up and charges down Dragon with a flurry of punches and kicks! Dragon may have awoken a sleeping giant!

< 10 minutes later >

Dragon so far has done his best to wear down the bigger man by slowing this match down. Patriot, for his part, can never get a sustained flurry to completely overcome the champ. Dragon right now holding Patriot down in a headlock forcing him to waste more energy on returning to his vertical base. Patriot works to all fours, then up to his feet, and a few sharp elbows break the hold. Patriot dashes and bounces off the ropes with ill-intentioned elbow but Dragon ducks and grabs his opponent from behind… Dragon Sleeper. Patriot is in trouble now folks! Still, his foot is ever so close to the ropes. Dragon squeezing for all he’s got but Patriot fighting to get the rope. The knee in his back by Dragon preventing him from sitting out but he curls arm under and sends Dragon to his rump! Patriot, now laying face down on the canvas, is now able to just get his toes over the ropes! The ref breaks the hold!

< 10 minutes later >

Another stiff shot from Patriot and Dragon hits the deck! Patriot a house of fire here and now, to a cacophony of cheers, he calls for the MOAB! Patriot pulls up Dragon but, oh my! Dragon pushes Patriot into the ref sending the official between the ropes to the floor! Patriot can’t believe it and goes to check on the ref. Wait, is that, Tiamat coming through the crowd? How can a nearly seven-foot-tall women consistently blend into the crowd? She steps over the barrier and is now face to face with Patriot! The two began to argue and Tiamat shoves Patriot as Neo Dragon comes from the top with a double axe handle laying out the Patriot! Damn you RX! Damn you! The fans are frothing with anger as Dragon and Tiamat lay the boots to Patriot! Tiamat pulls him up… CHAOS THEORY superkick! The kick sends Patriot reeling right into the clutches of Neo… DRAGONPLEX! Here comes Christian Warrior but Tiamat cuts him off on the ramp the two begin to brawl! Dragon slides Patriot into the ring along with the ref. Dragon making a big show of helping the ref and covers a seemingly unconscious Patriot! 1…2…3! Dragon wins and now chaos has broken loose! Chameleon has come rushing out followed closely by Luthor Alexander and now the ramp has become a battle ground for Omega Squadron and RX! Dragon demands his title and a mic.

Hey Omega @#$! Yeah, why don’t you calm down!

< Dragon puts the Pan-Am title around his waist >

You’re ruining my victory! How can the fans give me the adulation I deserve when you idiots want to come out here and get your inane revenge! You better come in here and get your boy before I take more than just his pride!

Dragon now trying to remove Patriot’s mask! Omega Squad rushes the ring and Dragon wisely gives way. Dragon walks toward his RX compatriots who stand with him atop the ramp. Dragon triumphantly raises the belt as the crowd hisses and jeers. What a match, sorry to see it end that way but, once again, Neo Dragon uses his craftiness to give him the edge. Patriot gave it a strong showing but, in the end, trickery led to his downfall. Damn you RX!
TS: Fans, after the run in by Che Guerrero and Black Belt Jones during the match between Ali Atari and the Chameleon the former rivals turned allies and tonight they look to get some revenge on the men who are considered the Revolution Extreme’s hit men. The fans greeted Che and Jones with the boos they rightfully deserve. Now we here the sounds of “Parade of the Charioteers” which means that the Arabian Dream is coming to the... wait... what is this? There are two Ali Atari walking to the ring!

LC: Do my eyes deceive me or am I seeing double? This must be every woman’s fantasy.

TS: Perhaps or maybe just yours, but Che and Jones are protesting to the ref who shrugs and calls for the bell as the Atari’s storm the ring and this one is underway. Jones and Atari one spill to the floor and Atari two trades shots with the fans just as confused as we are.

LC: Uh. Atari one just grabbed a fan’s drink and tossed it into Jones face. That has to be the real Atari, he’s an unpredictable brawler.

TS: That is true, but Atari two just used some of his Arabian garb to choke Che who fights through it to choke Atari two with his bare hands.

LC: Atari one just got sent into the stands with a Judo toss and Jones blasts him with a chair which the referee totally missed!

TS: Jones yells something to Che and slides the chair into the ring. Che rakes the eyes of Atari two and grabs the chair as Jones grabs Atari two. Oh no, they’re gonna finish him off. Guerrero takes a big swing, but Atari two ducks and he smashes Black Belt Jones in the face! Atari one spears Che out of the ring as Atari two scoops up Jones and hits the Widowmaker! That’s the Chameleon’s finisher and he gets the 1... 2... 3! The Atari twins win!

LC: Atari two pulls off the mask to reveal the Chameleon as the real Atari joins him in the ring. The fans are going crazy after one of the crazier bouts we’re ever witnessed.

HOLIDAY RUMBLE

We see highlights of the Holiday Rumble. What the hell was that Tully. I didn’t even know what the rules were. Who booked this crap. What you mean we’re on? Crap! Congratulations to The Christian Warrior. What a great rumble. The Warrior punched his ticket to the Main Event of Soul Survivor to take on The IWL World Champion. Oh look it’s Alexander J. Styles in the front row. This guy is a blue chipper. He’s going to be a big deal this year. Oh look he thinks The IWL is number one. That’s real class.
The Regulators are waiting in the ring, where the heck are the Three Birds! Wait what the heck is going on in the back. The Math Club are assaulting the challengers. The Regulators are laughing in the ring. Ryan Patrick looks directly into the camera and say money talks. Gran Sabrosa runs off the Math Club with a chair. Patrick it screaming at the referee to ring the bell and start the count. The bloody and beaten Three Birds rush down the ring and just make it in the ring right before the count of ten. The Regs go to town on the Birds. They might want to stop this before so one gets killed. Gran Sabrosa runs down the ring with towel. He’s on the apron trying to throw in the towel, but Ryan Patrick hits him with a low blow. And steal the towel. William Worthy comes out and gets in Patrick’s face. He’s flanked by the American Savages. James Carnage drives over the top rope on top of Worthy and The Savages. Tombstone is distracted and Prince Ton almost take his head off with a clothesline. Jimmy Electric take a prone Tombstone and hits a Brain Buster for a 1,2,3. What an upset we have new Unified Tag Champions The Three Birds.

Following his victory in a highly competitive main event Graham Underwood takes the Microphone. “Well, there you have it. Three years in a row I stand victorious at the end of Starrcade. Two full years as IWL World Champion. I beat every and all challengers. Graham Underwood looks at the belt before tossing it to the mat. After three years and countless success the time has come for Chaotics to move on. As I head to the CWL remember one thing: I never lost the belt. The IWL lost me, Graham Underwood leaves the belt in the ring. The lights turn off. When the lights come back on Graham, the belt are gone... But Joe Boring stands alone in the ring to a huge reaction.

THE HUMAN WRECKING MACHINE HAS ARRIVED!
HELLO IWL! Alexander J. Styles coming to you from my vacation home here at Lake Lanier in Georgia, enjoying some well-deserved rest and relaxation from a very brutal 2019 in the NWL. While I sit here, sipping on a cocktail while enjoying the sunshine and time with my family. No title or accolade can take away the enjoyment of this moment.

Now on to the business at hand and to the reason why I’m addressing everyone today. As many of you know I was drafted in the first round of the IWAR draft and the second pick overall, now that I’ve finished all of my business in the NWL I can come to my new home in the IWL. Right about now many of you are thinking that I’m going to make baseless threats while putting everyone on notice, and brag about all the titles I’m going to win? How about NOPE!

I didn’t go through rigorous training in a Japanese wrestling dojo, climb the ladder though the NWL to show why I’m the best not only on the microphone but in the ring, night in night out; giving the fans what they shell out their money for. Wrestling in its purest form is truly Phenomenal!

See you soon IWL! See you all real soon.

Hey Freebirds I hear you guys have got the IWL World Tag Belts that me Indian Joe and Monkey Eyed Tim want now. We want those Tag Belts Freebirds that we have been chasing for almost a year now.

We don't care what we have to do to get them, so guys get ready for the fight of your lives. We are coming Birds and IWL so get ready for the Wild Indian Brothers who are coming for them IWL World Tag Belts.

Indian Joe and Monkey Eyed Tim
Dapper Dan Dee welcomes in the Arabian Dream Ali Atari who is sporting new ring attire and shorter hair cut.

DDD: Well it looks like the Arabian Dream got himself a make over for 2020. Is there any symbolism behind this new look?

The Arabian Dream Ali Atari: Silence!

DDD: Oh excuse me, I didn’t mean to-

The Arabian Dream Ali Atari: I’m kidding Dan. I know the old me would’ve done that, but new year, new me and a new start thanks to the win at Starrcade. I’m in a good mood and want to thank The Chameleon for his help in getting some payback on the Revolution Extreme.

Dapper Dan Dee: Does this mean you are done with them?

The Arabian Dream Ali Atari: Oh I know I’m not done with Che Guerrero or Black Belt Jones, but my mission is to go through every member of RE on a big stage and that means at Soul Survivor, I’m challenge that pretty boy, Highlight of the Night Johny Vegas to a Long Island Street Fight match.

DDD: Wow! You are not wasting any time, but will he accept?

The Arabian Dream Ali Atari: Probably not, since the Revolution Extreme is a collection of cowards, but the offer stands all the same. He’s next on my list.

Dapper Dan Dee: Before you go, you were unable to dethrone Luthor Alexander in your IWL championship match on New Year’s Eve, but as a result of Graham Underwood’s departure from the IWL, the IWL Heavyweight championship has been vacated by interim Commissioner Jake Tunney and he has sanctioned a match to determine be held, this Tuesday in Texas and he’s ordered that the top two contenders, Luthor Alexander and yourself battle to determine the new IWL Heavyweight champion. What are your thoughts going into this huge bout?

The Arabian Dream Ali Atari: My thoughts are pretty simple. I’ve got this tour set up to get revenge on Luthor and his pals, this is a chance to jump to the head of the line and hurt Luthor. Not just by hurting him physically, but by hurting his pride and taking a title I’ve been chasing for six years and become the IWL Heavyweight champion.
[The fans boo as the Gentleman’s Club walks to the ring. William Worthy leads with Jordan Drake, the Destroyed Apollos Pain and the American Savages behind him. One fan tosses a drink at Worthy and the Savages pounce on the young man. They yank him over the railing and stomp his with furious abandon as other fans flee. Worthy nods approvingly.]

WW: I want all of you to look at that young man’s fate. He made a bad decision because he wanted to take a cheap shot at me and now, he will have to eat his meals with a straw. Buddy? Hank? That’s enough for now, please join us. You people need to stop booing and take the time to show us the respect we deserve. A few nights ago at Starrcade, the newest members of my Gentleman’s Club, two of the IWL’s top draft picks; Jordan Drake and Apollos the Destroyer Pain!

[The fans boo as both men taunt the crowd by striking a pose.]

WW: Mister Drake has recovered from injury and is ready to strike gold. Which is nice considering the fragile man he had to replace when Spike Dillinger suffered a neck injury. Spike if you are watching this from a rehab clinic right now, we have a message for you, thanks for nothing! He is a man of obvious sex appeal which is why all the men in the building are holding their women tighter, because one little slip and your woman, becomes Drake’s woman. They like to call Magnum T.L. the IWL’s heartthrob, but those days are coming to an end and that title will belong to Jordan Drake. Next, we have a powerhouse who will do something that has been long overdue, destroy that masked criminal, The Midnight Rider. Magnum’s buddy think he can get away will his crimes, but we know what he did, and Apollos Pain will destroy him!

[Pain flexes at the camera as Jordan shakes William’s hand with a confident nod.]

WW: Oh Magnum, you were so close. You got your five minutes with me in the ring, only they were five bloody minutes as I put a hurting on you. Ha! I knew I could kick your butt and I am so inspired that I have decided to return to the ring! When I lost the Retirement match to Lock Down in the NWL, I honored it, but now that he has retired from the IWA I can return. Once I do, I will personally make sure that you suffer by my hands Magnum. Ha Ha Ha!

[Worthy keeps cackling as he puts his arms around Hank and Buddy and then stops laughing.]

WW: You know what won’t be funny? The way my American Savages will destroy the IWL legends known as the Regulators at Soul Survivor. James Carnage, Jack Robertson and Jesse Tombstone may be considered three of the IWL’s all-time greats, but the best way to make a name for yourself is to destroy a legend that people hold dear. These jerks think they can just come back and resume their place at the top of the IWL? We-don’t-think-so! My American Savages are your IWL Tag Team champions and we are the TV six-man champs. Get this through your heads. The glory days of the Regulators are over and the people who will shovel the dirt on your careers are standing in this ring. In 2019, The Gentleman’s Club showed ourselves to be the best in the IWL and now we will take another step in proving our greatness by putting down the rejects known as the Regulators at Soul Survivor.
Ha ha! Yes! Ding dong the Cage is gone, the ruffian old Cage is gone! All may sing my praises for ridding the IWL of that loathsome behemoth. Now, it’s on to brighter horizons. While I may have let my ambitions to the Grand Prix title slip, a er... well, let’s just call him a friend has... ah.. “brought me round” to realizing that Luthor Alexander is a model, and deserving champion. Neo Dragon on the other hand, while he keeps admirable company, and shows a modicum of scientific skill has an item in his possession that I have earned the right to challenge him for... the Pan-American Championship. Come Soul Survivor, your title shall belong to the last living Gentleman. Let the game of chess begin.

It’s a bustling afternoon before the evening’s event. Interviews have been shot, the ring, audio and visual equipment in place and double checked. With the brief amount of spare time allotted, wrestlers and crew members alike congregate in the catering area. IWL newcomer, Joe Boring places his tray in the receptacle left for them, and makes his way towards the exit, when the Motorcity Hellhound happens to be entering. Joe takes a step to his right to provide ample space for the other roster member to get through, yet somehow the Hellhound’s shoulder still made contact with Boring... rather forcefully. “This was intentional.” Joe thinks to himself. “Yes. It was indeed. Intentional, calculated, premeditated even. Yes.” He whirls about to address the offender, but when he turns, the man is lost amidst the crowd of crew members, and other wrestlers.
Graham Underwood
IWL World Champion

736 Days

Graham Underwood destroyed "Graphing Violence" TI-83 at 29:27 (Chimera Plex) by 1 (starrcade).

Following his victory in a highly competitive main event, Graham Underwood takes the microphone.

Underwood: Well, there you have it. Three years in a row I stand victorious at the end of Starrcade. Two full years as IWL World Champion. I beat every and all challengers.

Graham looks down at the belt before tossing it to the mat.

Underwood: After three years and countless success, the time has come for the Chaotics to move on. As I head to the CWL, remember one thing: I never lost the belt. The IWL lost me.
IWL event in Dallas Texas- (Tully Schiavone is in the ring, as he lifts the microphone to speak.

FREEBIRD by Lynyrd Skynyrd plays over the sound system. THE FABULOUS THREE BIRDS casually walk down the isle to a mixture of cheers and boos. Once in the ring GRAN SABROSA steps over to Tully and speaks.

SABROSA: You would think that the IWAR 6-MAN CHAMPS and YOUR NEW IWL UNIFIED WORLD TAG TEAM CHAMPIONS would get more respect than that. It's not surprising though. You see we've always been under rated and under estimated. We earned our shot at the REGULATORS and the IWL Tag Titles and no one thought we would win...all we would hear is THE REGULATORS are great...they are the best ever...I'm sure there were plans for their next title defense...well the THREE BIRDS decided we wanted the titles and we took 'em. Now we face a native and a primate...well maybe we will, maybe we won't. We do what we want and there's two things you can do about it...Nothin' and Like it.

LC: Worthy grabs a fan's chair and tosses it over the top of the cage for Stomper, but he over throws it, and Magnum drop kicks the chair into Stomper's face!

TS: He's dazed, and Magnum grabs Stomper, mashes up the strength and roars as he lifts up the big man and hits the Belly to Belly suplex onto the chair. Magnum covers for the 1...2...3!!! Magnum did it!! The crowd is going wild as he tears away the Stomper's mask to reveal...Apollos the Destroyer Pain!

TULLY SCHIAVONE: Hello and welcome everyone to IWL WORLD CHAMPIONSHIP WRESTLING! Joining me now is the man who pulled the mask off THE SUPER STOMPER...

MAGNUM T.L. "That's right TULLY. You know STARRCADE was kind of bitter sweet. You see I got to rip the mask off of THE SUPER STOMPER to reveal APOLLOS THE DESTROYER PAIN, but once again WILLIAM WORTHY escaped the tail kicking he deserves. Well MR. WORTHY the day is gonna come when you will get yours."

MIDNIGHT RIDER: "Now then, WILLIAM WORTHY...you set the trap and we fell in. You sent your toady to handcuff THE RIDER to the stairs so you could commit your acts of treachery. JORDAN DRAKE, you've been messin' where you shouldn't baby boy...GENTS CLUB remember...you don't tug on superman's cape, you don't spit into the wind, you don't pull the mask of the old Lone Ranger, and you don't mess with THE MIDNIGHT RIDER. I have one more silver dollar and I can't let 'em catch me now."
Happy New Year to All

Happy New Year IWL and all in both the IWAR and IWA. It's a New Year, and time for some new goals for me, Queen Vixen Red, in the IWL. My first goal is to get a belt of some kind and be a champion in 2020. Another goal of mine is to bring that IWAR Women's title home to the IWL when the IWAR Leagues get it.

I want to be an IWAR Women's World Champion one day, for the IWL and for Catfish Rob too. I know that it has been a big goal of Catfish Rob to have one of his women wrestlers be an IWAR World Champion one day of some kind. It will be hard, but hopefully I can be a World Champion one day for him.

I also hope that I placed in the top 3 of the IWL Holiday Rumble, so I can get a title shot of some kind. Not sure yet. I would also like to say that if there are any women in the NWL to please come to the IWL when your time is up. We need more women wrestlers in the IWL and in the IWAR too. So if there are any women wrestlers out there in the IWA that want a new place to wrestle, come look at the IWL, for we need you.

Queen Vixen Red

Ryan Patrick and The Regulators are on stage sitting behind tables and microphones getting ready to answer questions before the Starcade PPV.

Reporter: "You hold both the IWAR and IWL Tag Team championships. Is that too much pressure for one group?"
No one answers.

Reporter: "Um, since you've been back you have reclaimed your spot as the best trio in the land. What's next?"
No one answers.

Reporter: "The American Savages are going around saying you have been ducking them. Anything to say to that?"

Patrick: "Three stupid questions. Three strikes. We will give those heathens, The American Savages, a response at some point during tonights pay per view. Until then, be better at your jobs. What a waste of our time."

Stretching my way to the top

Okay everybody, beatings galore I have entered myself into two events. Sole survivor being one and the other one is Four corners invitational. I decided to do a double header I will do double duty if I have to and I will when both. Revolution championship and IWL World Championship is going to belong to me. By the end of this year I will be better than I was last. You can quote me on that I don't care I want both championships and when it's time I need to get in that ring and do what I do best. Beat my opponent pillar To Post. What can you guys do to stop me it's going to happen I am going to win both events. Rather you like it or not I will earn my top spot as one of the best that has ever stepped in a IWL ring. Until next time be stretching you.

Mr. Wrestling
Johnny Wrestlefest
The Velociraptor: A new year is upon us, 2020. Despite a league title, I did not get the consistency I wanted to achieve here in the IWL but it is a new year and with it will reside hard work and focus as I will prove to everyone here and in the IWAR just what I am capable of. I look forward to arrival and debut of other draftees that will arrive this month. Guys like Styles who I know will have a positive impact on the IWL. It is already a tough league and with the new blood it will become even tougher. We also will see the arrival of the IWAR WORLD CHAMP, JOE BORING. Clearly, he is everything but boring but I will be gunning for him. Not because I have beef but rather that I want to fight the best guys. I’m also keeping a close eye on Luthor and Atari and there upcoming match for the IWL WORLD Heavyweight TITLE. I will earn my own title shots sooner than later, I can promise you that! See you in the ring!

Unusual Heroes-

The lights are out, the curtains have closed. 2019 has come and gone. While there will be no awards for the HEROES this year, we definitely probably have a few people thinking. I mean, in only four out of eighteen cycles we managed to grab half the points that the Regulators got in the full twelve months. End the year with back to back six-man titles. Now, we start off even, with a fresh start. You guys were hot in 2019 but seem to fading. It would appear the team from the Battle Royal League are hot on your heels for those IWAR Tag Titles and you’ll soon be alone and without and prizes. No worries, though, we are all you need. Mark my word, your hands will be quite full. I mean and we only need you, you are our inspiration. I mean you were the IWLs “most inspirational” wrestlers for 2019. Of course, that is a consolation award for those who are good but not great. So, congrats, you guy are… good. But we will be great! We look forward to becoming besties! So here is to 2020 and all the fun we will have here in the IWL 😊
The Master of Disguise strikes again! Two Ali Ataris take down Che Guerrero and Soul Train Jones. Only one Atari can perform a perfect Widowmaker to get the win. Atari, I’m glad I could be of assistance.

The fight against RX is all yours now, but we are here any time you need help.

You never know where the Chameleon will strike or where he will show up. Whoever’s next in line, I can assure you, the only easy day was yesterday!
Dapper Dan Dee is with the American Patriot:

DDD: Neo Dragon defeated you in your shot at the Pan Am title. Do you feel like you let the fans and America down?

AP: I gave it my all and came up short. I do feel like I let my fans down. I want them to know that hard work and determination always pay off. He may have gotten the best of me last cycle, but somebody else will come along and take the title. By the way, I’d like to congratulate the Christian Warrior on winning the Holiday Rumble.

DDD: How long will your loss affect you?

AP: I’ve already moved on. You have to in this business. It’s on to the next match, next opponent.

DDD: Speaking of that, what’s next for the American Patriot?

AP: This country was founded because the founding fathers were tired of dealing with conniving, pretentious prats from England. It seems we have one of those present in the IWL. I’m talking about “Gentleman” Jack Audley. Like Neo Dragon, he thinks he’s better than everyone else. He’s not! It may be that the Revolutionary War is battled all over again right here in the IWL.

DDD: Any final thoughts?

AP: Just because I lost a title match doesn’t mean my career is over. Neo Dragon, I’m not finished with you yet, either. I will show you how hard work, perseverance, and determination pay off in the long run. Your way may win in the short term, but so many have started off strong, only to fade down the stretch. The entitled never prosper in the long run!
When people think of the Omega Squadron, they usually think of the Chameleon or the Omega Squadron. It's a blessing and a curse to have two great stablemates.

But now, it's time for the Christian Warrior to shine. I survived thirteen other wrestlers at the Holiday Rumble to get a shot at the IWL title.

My only regret is that I don't get to take on Graham Underwood. I'd have loved to be the person to take on the man, the myth, the legend and end his 700+ day title reign.

It doesn't matter to me if it's Ali Atari or Luthor Alexander I am facing. Atari would be a great match. He's an absolute legend. The Chameleon faced him, and defeated him, recently. As good as the Chameleon is at disguises, I'd think I was training with the real deal.

Luthor Alexander, the classic battle of good vs. pure, unadulterated evil. I respect his skills, but not his ways. We all know that in the end of the book, good triumphs over evil.

Either way, I will be training. It would be a mistake on the part of either man to underestimate me! With the cheers of my Christian Warriors energizing me, I will continue to move onward and upward in the IWL!
Justin Grace: It appears to us that the American Savages have their hands full with the Regulators.

Chase Grace: The Three Birds are about to be very busy with Indian Joe and Monkey Eyed Tim.

Justin Grace: Who does that leave?

Chase Grace: The Match Club, but they're busy winning singles titles.

Justin Grace: How about Che Guerrero and Soul Train Jones?

Chase Grace: A young up and coming team against a team of veterans? Sounds like it could be fun to me.

Justin Grace: I don't know. They are a part of this Revolution that's supposed to be coming. Che is a Hitman, you know.

Chase Grace: Should we be scared? I don't feel scared? Do you feel scared?

Justin Grace: I don't. How about it, Soul Train and Havana Hitman? You ready to take on two rookies, or are you still recovering from your defeat by Atari and Chameleon?

Jim Stevens: “So, it looks like some idiots in the IWL decided to embarrass me by having me team up with a jobber just so they could beat me. Well, I’ve got news for you guys: You're going down! I will take you on, and I will humiliate you! Then you will know who I am!”

Seth Gallows: “Wrestlers of the IWL, listen up! We will take you on whenever we feel like it, and you can't stop us! We will be the best stable that the IWL has ever seen!”

Josh Gordon: “We will take on every wrestler in this league, and like Jim said, if you try to take us on, we will destroy you, because we are the biggest, baddest, and best stable in the IWL! Just try to take us on!”

Luthor I Want Your Belt

I knew that I “Queen Vixen Red” would get a title shot of some kind sooner or later in the IWL. But now I got to beat Luthor Alexander for his belt and that will not be easy, for he is one tough S.O.B.

Luthor, I don’t care how tough or bad you are, for I want that belt and will do anything I can to get it too. I also know that you will do anything you can to keep it too. That's okay, for all I ask for is a fair shot at that belt.

Luthor, you are a great champion and have won a lot of belts in your time, and I have only won a few in my short time. But Luthor, watch out, for I am hungry for belts of any kind, and I am coming for yours.

TIME

WRESTLER OF THE YEAR
This Tuesday in Texas, I will become The IWL Worlds Champion once again. Some people have asked me “Will mean less to me because I didn't beat Underwood for it”. I say hell no. He didn't beat me when I was Champion, no one ever beat me when I was champ. I’m fair guy. After I beat Atari, Underwood can challenge me for it. Otherwise he has nothing left to say on the matter. Queen Vixen Red! I’m going to talk real slow so even you can understand. Congratulations you have earned a shot at The Grandprix Championship. Which means you have to beat me twice as per Grandprix rules. Do you really think I care about crippling a woman. No! Just look into the past. Look what I did to Sasha, not only did I beat her for IWL World Championship, I retired her. Look at Jane The Vixen Red, her hair still hasn't grown back. So understand this. Dumb pictures and childish insults doesn't make you a champion. Once I get my hands on you, ain’t nobody going to want you anymore. In closing Ivan Isamov you are disgrace, I gave the opportunity of a lifetime and you wasted it. You’re a pair of clown shoes. Have a nice day.
Hello Peasants. In 2019 Luthor Alexander Has ascended to the top spot here in the IWL. All that left for his coronation is The IWL Worlds Strap. Which will he acquire This Tuesday in Texas. Atari you dirty, scummy poor excuse of a man. You may have picked up the victory at Starrcade, but we are not Finished, My man Johny Vegas what a piece of you at Soul Survivor. If have any guts at all you will accept his Challenge and bring that walking talking yeast infection to ring with you. 2020 will be the of Revolution it will be long remember. Fans get a long last look at your favorite wrestling cause they be around to see 2021.
Soul Train Jones

Chameleon! In my life I have never seen someone so reckless with their career. I have score to settle. So at Soul Survivor I’m challenging you to a Riker’s Island Death Match. There’s no where to run, there’s no where to hide. I promise you this, you will not survive Soul Survivor. Remember The Streets are Watching!
Hey yo! Atari it will never be over. One way or another I will get my money. Johnny Wrestlefest, I had some harsh things about you. I’m sorry.. That they are all true. It’s not your fault that you have an low IQ. It’s not your fault that you are a 60 second man in the bedroom. Your sister was very angry about that. She wanted to go 12 rounds with the champ. Unfortunately there is not a enough penicillin in world to cure what she’s got. I’m glad your talking, now only if you had something relevant to say. See ya around ya square. Stay out of my way.

It’s true Wrestlefest smells like pee!!!!!

Luthor Alexander was the extinction level event that destroyed the dinosaurs!
Backstabber has never been looking so cool! And I did it all by myself! I'm loud, I'm proud, and I am without a doubt the meanest wrestler this side of the IWA. I am crazy the likes that have never been seen in sports entertainment before! I've been practicing and honing my skills in the basements of evil where I fit in just as much as mice and rats do. I'm gunning for you all. I want to fight all the competition and settle this thing about the record that everybody always says is just okay. I'm very underrated, but I'm scary and deadly too and can fight many styles and am the future of this IWL! I inspire all my fans, the little Backaholics! I should, by now, be toasting to my first title win in the IWA, being that I took on the Boston Champion in a title match in this bulletin, and if I beat Red Panda, I will become the greatest of all time! When I become the new Boston Champion, I will become a legend that never quits, and I will hold that belt for record time! I don't want you all to cry. No, let's take that back, I want you to cry! But if I wanted to, I could win every title in the IWL at once, but that is not permitted! But I am determined to win title after title, one by one, until you give me the proper recognition I deserve. I am going to mathematically eliminate all of you from the equation. I fight until I bleed, and then no matter who drew first blood, I still fight with all I have.

When I'm good, I'm good, and when I'm bad, I'm still good! Try that for a play on famous quotes! I want to beat the Christian Warrior and American Patriot senselessly until they pack it in and leave the IWL. And I want to say that I'm mighty sick of Dr. Slam playing his game every month where he challenges my friend Tortured and keeps winning. It goes without saying that Tortured and Tormented are not on the same level that I, Backstabber, am on, but they play hard too. That brings to mind that Tortured and Tormented are displaying new finishing holds this month. The new hold debuts are going to propel them to victory's peak too, and don't forget, Backstabber still has others on his mind, people he wants to fight and show up, like Pastor Pain - the only pain that gets administered in his bouts is to himself and not to his opponents. Arabian Dream Ali Atari flat out sucks! I have a hit list a mile long, and if I had a dollar for every time I could beat some of these phony bolognas in the IWL, I would have a lot of money! Independent means you do it on your own self without anyone helping you, and Backstabber has been beating the odds all his life and proving that he is not a watered down cakewalk. I left home at fourteen, put myself through wrestling school just with a dream of one day becoming World Champion for any organization that I fit in, and find my niche and succeed.

I used to sneak into wrestling matches and watch the bad guys do their thing and put the hurt on the good guys. I'm like a horse. I'm 6'4, 265 lbs., and I come from the far reaches of your mind. If you don't fight me, you'll never be able to say that you faced the best of all the fighters who ever laced their boots. If the fire throw doesn't get you, the green mist will, or perhaps the ceremonial salt to the eyes! They say that wrestling is fake. Well, I sure make it look fake when I dominate the competition so easily - it looks like they let me win.

Red Fox Talks

Well IWL fans, it's a new year as 2020 is here now, and I got to say Happy New Year to all. Now I am here to say that 2020 will be my last year in the IWA as all my time here is about up in wrestling. So sometime in 2020, I will retire from this great game of Pro Wrestling and the IWL.

DOD/ORDER: Big Bad Red Fox
The shot follows behind a large yacht in the Adriatic. It eventually zooms in close and we see the Pan-American champion Neo Dragon lounging on the deck. The shot then changes and we are now on the deck. Dragon smiles into the camera as he lounges on a deck chair in a speedo.

Welcome aboard! This beautiful ship was given to me by Mr. Race for my inspiring title defense at Starrcade! Yes good people, I was able to defeat a spirited Patriot to retain my title. As if there was any real question about the outcome?

Dragon stands and two bikini clad blonds come from behind him with a plush white robe embroidered with the Dragon logo.

Since that match, my victory, and my cruise with Avery and Becca here, I've taken the time to think about what I mean to you, the fan, and to the American people as a whole. The Patriot has inspired me consider the gifts that I've been given and how I can help motivate not just those that deserve it, the 1%, but the rest of those less fortunate.

While the Patriot is a gifted athlete in his own right, my victory has really given me new insight into how great I am. I looked at the world around me. Everyone is so downtrodden and divided. Yet everyone I meet, no matter what side of the aisle or income, coalesces around my brilliance. I am like a shining beacon of hope for the world. Just like the Patriot, everyone who has the opportunity to take a knee and bask in...
Take these two fine young ladies here. They have been given the opportunity to travel around with me on this yacht and the chance to pick my brain for all my exceptional insights. I have also taken the opportunity to ensure all my merchandise is now made only in developing nations giving the men, women and children there the chance to better themselves by pulling up their bootstraps and getting to work! I'm taking my excellence worldwide!

I really just don't know where I would be if my dear friend, mentor, and soon to be IWL Champion, Luthor Alexander hadn't come along and opened my eyes. Because of what he taught me and the rest of RX, I can honestly say that I have been CHOSEN to spread the gospel of exceptionalism, the truth of efficiency, and the message of ruthlessness to the whole world. RX and I are proud to be able to bring people together and show them what it means to stand for the 1% while helping them understand that it is their job to not only strive to be the best they can be but also devout themselves to supporting those, like Luthor and I, that have been given the gifts needed to be exceptional!

The girls began to clap and tears fall down their flushed cheeks. Dragon kisses both of them on the forehead and motions for them to go back inside.

It really chokes me up to see how I can inspire people. I am so grateful that my skills have allowed me the platform of the IWAR, IWL, and the Pan-American championship to spread such an important message. 2020 is going to be a great year everyone! Just don't forget to take a knee and bask in my privilege! You'll be better for it!
