LWL REPORT

BY J.J. FRIES

SNAGGLETEOTH IS THE NEW Hardcore CHAMP

"The Outcast" Ando Snaggleteoth beat Big Rye by the most points and he has thereby claimed the Imperial Hardcore Championship! For this he is also awarded 5 free matches. Congrats, Snaggy!

THE MEDIOCRE MONEY TOURNAMENT EXTRAVAGANZA NOW DOWN TO FOUR!

Galim, Picasso, Richer and Forss are the four remaining entrants of the MMTE! The winner of this tournament will claim the \$100 IWA credit prize pool!

THE IMPERIAL TAG TEAM CIRCUIT KICKS OFF THIS CYCLE

instead of a tournament, we're going to hold a seperate tag team circuit between PPVs, for which I will attempt to create a balanced schedule. You get two points for every win and one point for every tie, and the two teams with the most points by the end of the term will fight it out to AT LAST claim the Imperial Tag Team titles. If you would like to change the name of your tag team, please mention that in your trash talk, and may God have mercy on your souls.

If there is a need for tiebreakers at the end, we will total the strategy totals of those tag teams as given by the IWA in the official text file.

APRIL CYCLE 2025

LWL Bank: \$750,000

LWL Imperial Titles

Starting soon, we're bringing back the Imperial Titles of Yesteryear!
Or, at least we *will* once we have enough managers...

Imperial Heavyweight Championship

Muskrat Joe is the new holder of this title. The Imperial Heavyweight Champion will receive \$50K at every PPV (every four cycles).

Imperial Hardcore Championship

The new current Imperial Hardcore Champion is "**The Outcast**" **Ando Snaggletooth**. Whoever beats Ando by the most points in the Spring 2025 match results will win, unless Ando beats everyone. This title will be awarded every other cycle and the winner gets 5 free matches.

Imperial Tag Team Championship

Currently **vacant**. This title will remain vacant until the completion of the first Imperial Tag Team Circuit (see the last page of this report)

LWL Trash Talk Recap

Pic of
the
Month

🔨 **Flathead Rob's** promo reads like a tragic schoolyard tale: mocked for his flat head, now apparently invincible when hit in the skull. A true underdog... with possibly superhuman cranial durability

🔥 Firebrand Elijah Thorne celebrates his reign as Imperial Champ (???) but launches a brutal tirade at Ando Snaggleteeth and Stan Malitowski. He calls out their cowardice, has a bizarre medication-fueled rant about balloons and crackers, then casually mentions teaming with his brother in the tag tourney.

🐱 Eli "The Menace" Richter feels robbed of the title after his war with Muskrat Joe. With venom for Ando, Senor Lucha, and the League itself, he warns a reckoning is near: "The Menace isn't done."

🇲🇽 Senor Lucha (with Tess Tickle) returns in full glory, dragging everyone from Eli Richter to Muskrat Joe and Ando Snaggleteeth through the mud. Lucha says he's the savior LWL needs and teases destroying Ando in a Quebec parking lot with the Million Pedo Knee Strike. Tess thinks all the men are idiots. Hard to argue.

💀 Mange delivers a monologue straight out of a gothic horror novel. He's part of "The Stain" with Picasso and declares himself the Reaper, the end of LWL. The League will fall, and he will rise—not as a warrior, but as a god. Possibly the scariest dude with a shovel since Undertaker.

🥩 Picasso takes shots at Carter Matthews, Larry Forsskin, and Galim Turserebeyev, trashing them with personal insults and strange anatomy jokes. Classic Picasso: part sadist, part comedian, all menace.

🏠 Stan "The Mullet" Malitowski calls out Big Rye for a cheap ambush. He says he's still standing and ready to stare Rye down face-to-face. No more sneak attacks—Stan wants justice.

? Nameless Rant #1 comes from someone wrestling with inner demons and family rejection. Now allied with Big Rye, this mystery contender is out to collect gold and unleash his pain on the doubters.

? Nameless Rant #2 is short and venomous—calling out Thorne and teasing a title takeover. They promise dominance with Ando Snaggleteeth and warn the roster to shut up or get put down.

🇷🇺 Galim Tursembayev, from the backseat of a car, blames Russian interference for a loss and aims to reclaim his tag team glory with a respectful challenge to friend-turned-opponent Stan Malitowski. Proud of his heritage, Galim is here for legacy, not drama.

👊 Lone Wolf Live Segment ends with a violent backstage brawl between Richter and Muskrat Joe. It's total chaos: chairs fly, referees fall, Norman Conquest gets hogtied, and Richter ends it all by dropping the title belt on Joe's battered chest. Message sent.

FIREBRAND **Elijah Thorne**

"THE MENACE" **Eli Richter**

Eli Richter: "Enough of all the meaningless blather from the likes of SENOR LUCHA and FLATHEAD ROB. It's finally time to hear from someone with something to say. Ladies and gentlemen, Lone Wolf fans, it is my great honor to introduce the reigning LWL Imperial Heavyweight Champion, my big brother, Firebrand Elijah Thorne!"

[Elijah Thorne makes his way down the aisle to cheers as well as some confused muttering amongst the fans.]

Elijah Thorne: "Thank you, brother. It is my greatest pleasure to represent Lone Wolf as the Imperial Champion and to be the face of the company. As you know, and many of these great fans know, it has always been my dream... and it has finally come to fruition."

Eli Richter: "That's right, and now it's time for our shared dream of becoming the LWL Imperial Tag-Team Champions. Assuming our esteemed commissioner gets his head out of his *ss and gets the tournament underway."

Elijah Thorne: "Yes, it's time. As the current LWL League Tag-Team Champions, we can assure the fans that these other teams don't stand a chance. ANDO SNAGGLETOOTH and his buddy, BIG RYE talk and talk, but don't have the fortitude to put up or shut up in the ring. It's really just sad."

Eli Richter: "I know what you mean. It's like MANGE and PICASSO being so consumed by their own infection that Mange can't stop talking gibberish about it. I wonder how both of them just happened to contract the same disease. Seems a little suspect to me."

[Suddenly, Ando Snaggletooth comes down to the ring and approaches Thorne.]

Ando Snaggletooth: "First off, Mr. Imperial Champion, where is the Imperial title belt?"

Elijah Thorne: "I'm not sure at the moment. Someone must have taken it, but I will find it."

Ando Snaggletooth: "You don't really believe that, do you? And just who did you defeat for the Imperial title?"

[Thorne's left eye begins to twitch as he struggles to think.]

Elijah Thorne: "I... I just... can't remember."

Ando Snaggletooth: "Why am I not surprised? And you have the gall to come out here and throw shade at me and Big Rye. You're too delusional to even be in a ring, but we will show you two just what pain really means. I have dealt in pain my whole..."

Elijah Thorne: "You think you've known pain!"

[Thorne lunges at Snaggletooth who grins as Richter steps in grabbing his brother and moving him to a corner reminding him to stay calm and take deep breaths. Richter walks back to Snaggletooth, then, suddenly, levels him with a standing lariat the begins putting the boots to him. Out of nowhere, MANGE slides into the ring, drops Richter with a right hand, and begins pummeling him. Richter manages to fend him off while getting to his feet. Next thing he knows, he's grabbed from behind by Snaggletooth and powerbombed. Mange then jumps on top of him and starts landing those stiff mounted punches. Thorne then rushes over dropkicking Mange off his brother only to be grabbed by Snaggletooth. The two trade punches back and forth until Richter clips Snaggletooth's knee bringing him down. Mange delivers a forearm to the small of Richter's back. Several referees storm the ring to break it up. With Snaggletooth and Mange finally out of the ring, Richter grabs the mic...]

Eli Richter: "We may not even wait for the tournament if either of you or your partners get in our way again! Richter and Thorne are names you will never forget, and the fans will never forget as we put you out of wrestling for good!"

[Snaggletooth turns and head up the aisle. Several seconds later, Mange follows suit just before being hit in the back by a flying microphone. He turns back for a moment and just grins at Richter.]

Scene[End of the match. The bell rings. The crowd erupts.]

Announcer:

"And NEW Television Six-Man Tag Team Champions... Muskrat Joe... Big Rye... and The Outcast—Ando Snaggletooth!"

[The trio stands in the ring. Muskrat Joe raises his arm triumphantly, his Imperial Title draped over his shoulder. He's grinning, doing that smug wave to the crowd. Big Rye's jaw is clenched. Ando stares daggers through Joe—expression unreadable, shoulders still heaving from the match.]

[Joe goes to slap Ando on the back in "celebration." That's when it happens.]

CRACK!

Big Rye spins Joe around and blasts him in the mouth with the TV title belt. The arena gasps.

[Joe staggers, blood already spilling from his lip—eyes wide, disoriented.]

Ando steps forward... slow... methodical. Then he lunges—

Snap DDT. Right on the belt.

Joe's body convulses on impact.

[The crowd is in chaos. Officials are frozen. The commentators are screaming.]

Commentator 1:

"What the hell are they doing!? They just won the titles together!"

Commentator 2:

"They were never a team... this was a message."

[Big Rye grabs Joe by the hair, forcing him to his knees. Ando kneels down, face inches from Joe's, eyes burning.]

Ando (low, cold):

You think gold makes you safe?

You think this makes us brothers?

[He rips the Imperial Title off Joe's shoulder and tosses it to the mat like garbage.]

You were just Step One.

[Big Rye lifts Joe up into his finisher— *Big Bang*—slamming the champ into the center of the ring. Joe's motionless. Trainers are sprinting down the ramp.]

[Ando picks up the Imperial Heavyweight Title and holds it above Joe's body.]

Big Rye(yelling into the camera):

Six-man champs?

Big deal.

This is what we're after.

Muskrat Joe... you don't walk out with the Imperial Heavyweight Title.

You crawl away from it.

This isn't about unity.

This is about punishment.

[Camera fades in on a dimly lit alleyway. Rain taps against rusted dumpsters. A single flickering streetlight buzzes overhead. “The Outcast” Ando Snaggleteeth leans against a brick wall, his face half-shadowed, his knuckles raw. He speaks low, almost like a growl—until the rage creeps in.]

Ando Snaggleteeth:

They never wanted me here.

Not in this ring. Not in this world.

Not in your little *League of Legends and Loyalty*.
I was the dirt under their boots. The jagged piece of
glass in the smooth machine.

But you don’t get to ignore me anymore.

Not when I just took my second League title in
three cycles. Two. And counting. And still... they call
me lucky. Still... they look past me like I’m just a
ghost in the rafters. But ghosts don’t bleed. And I
bled for this.

Muskrat Joe.

That little Imperial banner you hide behind?
It’s soaked in lies.

You parade around like you’re royalty—
But all I see is a coward clinging to a throne made
of splinters.

And I’m coming to pull every last one of them out of
your flesh.

I’m taking your title.

I’m taking your legacy.

And I’m leaving you with nothing.

And when **Big Rye** and I are done with you, We’re turning our eyes to that
laughable tag team experiment—**Eli Richter and Elijah Thorne**. You two think
you’re deep? Poetic? You’re nothing but soft boys playing warrior in silk robes.

Your bond is fragile. Your hearts? Brittle. When the Outcast and the Monster
come knocking, you’ll wish you stayed in the shadows reading your sonnets. This
pain? This rage? It’s been building for years. Since the day the world decided I
didn’t belong. But guess what? Now I don’t want to belong. This isn’t the end of a
story. This is the start of a plague. And it wears a cracked smile and a busted jaw.
It limps through fire and still comes swinging. It answers to one name—

"The Outcast."

Ando Snaggleteeth.

And you will remember me

As a student of the “Catfish Rob Wrestling School” I learned a lot of wrestling history, holds, and especially rules of the mat game. I would like to share rule number 23 with you now.

Rule 23:

Wipe wrestling shoes on mat apron before entering ring.

Now some of you reading this are probably thinking that is an old school type thing and not important. Now I will give you that it is old school but it is extremely important. You see if you get into a match with me and you do not do the cursory wiping of the feet on the mat apron you will not make it into the ring on your own. I will be giving you a very quick entrance that will result in you on your ass.

So, names like **Eli, Rye, Lucha, Snaggle, Malitowski** (you will get yours soon for that toss from the BR you gave me), and **Picasso** (it is going to be fun getting to know one another’s blood type in the ring) you all will know respect in the next coming cycles. I will never like any of you I may respect one or two but I will sure beat on all of you. That said I am all for titles and I would like to put my name in the hat to be teamed up with someone for the **Imperial Tag Team Championship**. I am willing to do business with anyone, maybe not **Picasso**, to get titles. Also, I am not sure if the card is full for the **Meltdown PPV** but if not, I would like to be able to participate in that to get my feet wet...in some sucker’s blood.

My coming here is not by accident or chance I decided that the LWL would be the best place for my talents and my “Have enough friends” demeanor. However, there is one dude I am intrigued to see closer up and that is “**Muskrat Joe**”. I want to see why this individual is so well known in the LWL and the IWA wide. It seems there is a lot of disrespect being dished out on old Muskrat and I really want to dig in and find out why that is.

Big Rye is seen backstage and a camera man follows as he hastily makes his way around. He turns a corner and is pounding on the door. “JJ, open up. We need to talk!” The handle on the door slowly turns and JJ Fries opens the door. He is in the middle of a meeting with LWL execs. Big Rye walks in and begins, “JJ, you passed on me this time for the shot at the Imperial Title. I’ll let it slide, as Ando deserves first crack. But between me and you, I think it’s time you name me next in line. Do we have an understanding?”

JJ steps back a little as Big Rye was standing too close for his comfort. “Sir, the next challenger will be determined by how well they’ve done and...” Big Rye cuts him off, “Are you saying, I haven’t done well enough? Was Imperial Hardcore champion almost right away from coming off a multi-year absence. Got to the top of the league in no time. You’re telling me, I don’t qualify. Do you remember who I am and what I mean to this league.” JJ tries to answer but Big Rye grabs him and powers him up with ease dropping him headfirst through his own desk.

“I hope that knocked some sense into you and you do the right thing.” Big Rye walks out of the office and looks back, “It’s nothing personal JJ, just *strictly business*”

Galim Tursembayev is in a dimly lit bar, somewhere in Long Island. A hockey game is on the televisions.

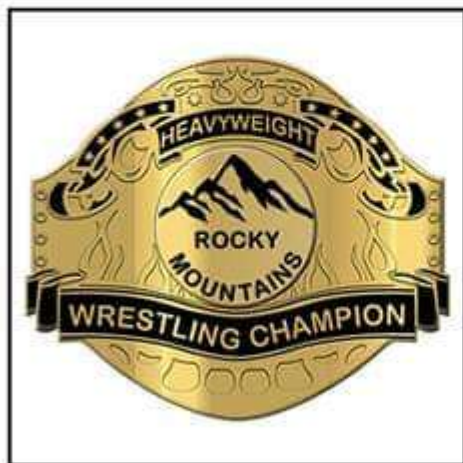

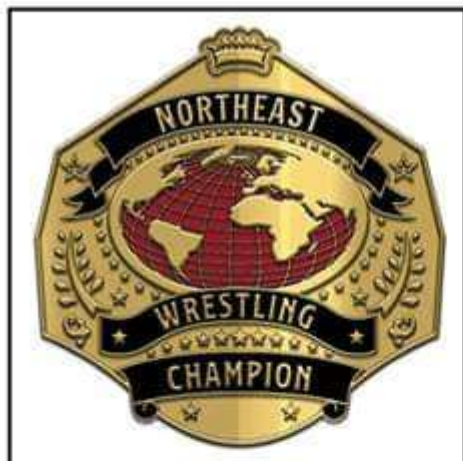

*"A hard fought victory over my friend, **The Mullet**, I have advanced. While you all say Mediocre Money, this is much more than the average person in my homeland. Next up I must usurp **Eli Richter** next to advance in the tournament.*

*Mr. Eli Richter seems distracted by his shortcomings recently to gain the **Imperial Title**. You will have no choice but to meet me in the ring and face off. Now...."*

A goal is scored and the bar is suddenly buzzing

"Иттің баласы Мына ит Овечкин! I cannot stand him!"

Galim slams his drink down and leaves the bar.
